Quick Facts

- **Register Early** – This will not only get your team in the lineup but you will save \$100.00 under the early bird rate. (A call or e-mail indicating your participation in this year’s event also helps us in the planning). Due to the demand of teams wanting to participate we have no choice to respect the “first come, first serve” policy.
- **Start pulling a team together.** Dragon Boating is a very popular, fun event on the water that brings many friends, family, long lost friends together in one spot. It’s also a great opportunity for organizations, workplaces, & community groups to enhance “team work” in a fun exciting environment!
- **\$600.00 registration fee** – *sponsored teams* are the most popular as companies (big or small) like to participate in fun, healthy community events that give back to the community. *Some teams* find it easier to just have everyone on the team pitch in. Be creative. If you would like to explore different ideas we are here to help, give us a call.
- **Forms B20 – C20 – D20.** Be prepared to hand these forms in on race day morning. The more prepared you are with the correct names the faster you will slide through the registration table.
- **Team Practice** – in order to guarantee a safe experience for all; we require that all community teams sign up for the practice sessions. Teams can be excused from practice if: they are from a dragon boat club that has excess to a dragon boat and have practiced with a qualified sterns person. Community teams with history with SCDBF and you have 2/3 of your team that have participated in the past two years can forfeit your practice with notice, however we do not encourage this as this is about safety and team building. If you wish to waive this option, you must clear it first with the SCDBF organizer first.
Practice – Once your team is registered you will receive further information regarding times & dates and how to register for your practice session. Stayed tuned for further information in this regards.
- **June 5, 2020**, evening before the race. Once again overnight security will be on site from 6:00 p.m. to 6:00 a.m. you are welcome to locate & set-up your team site (tent). Although we cannot guarantee 100% that all will be safe we have never experienced a problem. If you choose to exercise this option, we will need you to notify us in advance. A member of the team will be on hand that evening to assist.
- **The Roster**, a three step process:

- (a) teams that call in or e-mail to say “count me in”, (and we appreciate that) your name and contact info is placed in the roster line up on a first come first serve.
- (b) Teams who register with a deposit bumps the team that hasn’t registered. The teams who hasn’t registered (paid) remains in the roster however the registered team (with deposit) moves ahead in the lineup, again, first come first serve.
- (C) teams who have registered and paid in full shoot to the top of the roster guaranteeing their spot on a first come first serve basis.

- **First Round Race Day Lineup.** In order to publish the first round lineup in advance to teams, keeping in mind that a few teams are registering late preventing the publication of race times. This generally occurs with-in the week prior to the festival when everyone on the committee is extremely busy. Last year we ran into a few little snags. This year we are pleased to say and after several reviews and meetings around this process the first round teams are placed in the following manner.

- (a) Teams are broken down in 3 categories, Survivor, Travel & Community.
- (b) In order to save time we place the Cancer Survivor Teams at the end of round one. This way they are all loaded in the boats, ready to go in preparation for the carnation ceremony. (all by draw)
- (c) Travel Teams, Teams that have over an hour drive to the festival. These teams are placed behind the survivor teams allowing them driving time. We have some teams traveling 2-3 hours (all by draw)
- (d) Community Teams, (teams with-in a one hour drive) are then placed to fulfill the roster all by draw.
- (e) The SCDBF Committee reserves the right to make adjustments to the first round lineup only on an as needed basis such as odd numbers or possible conflicts.

Note: the second and third round placement is calculated according to your teams race time in round one.

Paddles Up!
